Locating Numbers on a Number Line

Here is a list of numbers.

$$\frac{1}{2}, \frac{1}{4}, 2, \frac{5}{4}, \frac{2}{2}, \frac{3}{2}, \frac{6}{4}, \frac{2}{4}, \frac{3}{1}$$

Draw a dot to show the location of each number. Label each dot. The first number in the list has been located for you.
